Dear Parents,

The weeks are winding down fast as we get closer to the end of the school year. I just want the days to slow down. I think to myself there is still so much more I want to share with your children. Miss Lori and I have such a great time with them and listening to their amazing stories!

I know it is sandal and flip flop season now, but we do appreciate tennis shoes. The children cannot stand it when they get sand between their bare feet and sandals. For the short amount of class time that we have we are finding ourselves wiping off a lot of little feet. Also, the children tend to dump the sand on the rugs, or it starts coming out of their shoes. Thank you for your understanding!

We thank you for those of you that were able to attend The Children of Hope service, it turned out so nice. I think Pastor Dale was surprised by the video we made to show our appreciation for all the love and care that he has given to the children.

WANTED..... we need egg cartons by Thursday please, for a caterpillar project we will be making.

Miss Lori taught us some great stretches during yoga last Thursday. She makes it fun but challenging enough for a good stretch, for children and adults. Remember she is a certified yoga instructor, and teaches a wonderful yoga class during the summer. If you need more information there are flyers on the cubbies or just ask Miss Lori.

Important Dates to Remember:

May 8th , Tuesday Mother's Day Tea (Last hour of class in the Fellowship Hall of the church. Remember to bring your favorite tea cup or coffee mug.)

May 15th , Tuesday Daddy Duffin Day. I know there is no such thing as a duffin, but it sounds cute and rhymes with muffin. (First 30 minutes of class to come have some juice, a muffin and a nice story.

Please don't forget your child's water bottle with their names on it. They come in very thirsty after being outside.

God's Wonderful Blessings to You All

Miss Ann and Miss Lori
