

Parents Preferred Communication Method

Our policy for school notifications including but not limited to newsletters and calendars will be given via e-mail. However if you prefer you can receive hard copies of school notifications including newsletters and calendars instead of e-mail. Please check the option that works best for your family as this will be our main method of communication with you throughout the school year. Calendars and newsletters will also be posted on the classroom bulletin board and on the preschool web site for you reference. **It is important that whichever method you choose that you regularly check and read all information coming from the preschool.** We wouldn't want you to miss out on all the fun and exciting events in the lives of your preschooler.

Student's Name _____

_____ **Option 1 email notifications**

Please include all e-mail addresses you would like info sent to

_____ **Option 2 hard copy notifications**

*** COHPS uses the REMIND text notification system in cases of emergencies and also for quick reminders of upcoming events and activities.

***Please follow us on Facebook and Instagram for preschool updates and fun happenings during the preschool day.
