Pandemic Life Update

Navigating a global pandemic has been a clear example of how we all learn and grow in life and faith together! As we enter a new season of living through the COVID-19 pandemic, the Center for Disease Control and Prevention has a tool to guide our living in community. Click [HERE](#) to fill in your state and county and find the community levels and prevention steps in a low, medium and high year system. We will continue to use this tool to guide our decision making. Mask wearing is always welcome and, in some cases, encouraged and we are grateful for your continued care for the health of the community.
