Notes from the Property Team

“PROPERTY IMPROVEMENTS”

October 2021 was an exciting time as our preschool was fortunate to receive a NM Early Childhood Education & Care Department Grant from the state. Since then, we have been able to purchase much-needed items for the school and continue to operate as an accredited preschool.

Classrooms:

shelves for supplies in the Teachers Resource Room

rolling shelves for the classrooms provide space-saving book storage
 A multi-colored craft light table
 ergonomic office and classroom chairs.
 new Dell Computers for teachers
 watercooler
 removal of old floors and installation of new ones
 new windows
 new shades

Outside:

new turf installed in the preschool playground
 assorted sand toys
 storage bins for toys and equipment
 additional playground bark and sand for the playground
 new playground equipment
 installation of awnings over the entry doors

Without this grant Cross of Hope would not have been able to take care of these improvement. God is definitely watching over us and taking care of our children.

Summertime and the Hope Gardeners

Bees are buzzing, butterflies are searching for newly opened flowers and the sounds and smells of summer are all around us.

In preparation for summer, the Hope Gardeners raked up the rest of the dead leaves, pulled weeds, planted flowers and new shrubs, among lots of other things.

Ruth Hinkel always does a fabulous job of tending to the circles in front of the Church and the flower garden next to the Church. The roses are just gorgeous. Ruth works (with love) every Friday pulling weeds, planting flowers and putting topsoil around her flower beds. Her love of the earth really shows.

Have you noticed how beautiful the grounds are - take a walk around the property and see how fantastic everything looks. Rudy and Sherrie Simek spend countless hours spraying the weeds, cleaning up the parking lot and raking the sand. They have planted lots of irises and purple cone flowers.

John Lacher is dedicated to keeping the Kachina Street side of our School looking amazing. Ruth, Rudy, Sherrie and John are truly a blessing to the Church. When you see them just say thanks!

Allergy Versus Colds

So many of us are rubbing our eyes, carrying extra Kleenex or coughing but no one knows if it is a spring cold, an allergy or smoke irritation. Right now, it could be all three.

Colds tend to last from 3 days to 2 weeks. Colds usually occur during winter months while allergies can occur any time of year. Cold symptoms take a few days to appear after you become infected while allergy symptoms can begin immediately after contact with whatever irritates you.

With a cold you may have a fever but not with an allergy. A sore throat can happen with allergies but it is more common with a cold. Itchy watery eyes are often signs that you have an allergy while body aches are associate with the common cold.

Cold symptoms can begin and increase over a couple days while as soon as you are exposed to an allergen, your body begins to react. Seasonal changes seem to be the most annoying usually in the fall and/or spring when nature makes its changes.

You may get the feeling that I will never be without any symptoms, for allergies, treat the symptoms and avoid the problem. Much easier said than done. For instance we are experiencing spring allergies while the smoke from fires north of us tend to be part of everyday life. Cold symptoms should fade within 2 weeks.

Get plenty of rest, avoid crowds and call your doctor if you question any Covid signs.

Council Corner

By Kristi Valdez, COH Council Member

And whatever you do in word or deed, do all in the name of the Lord Jesus, giving thanks to God the Father through Him. - Colossians 3:17

Greetings from your church council!

Thank you to the leaders and volunteers of the Cross of Hope 40th Anniversary Celebration team for their incredible planning and hard work. The many hearts, minds, and hands that made the celebration possible are a wonderful reminder of the body of Christ. Thank you for using your spiritual gifts to bless others. The celebration weekend was a tremendous success – filled with fun, fellowship, joy, laughter, memories, and of course, delicious food. The service projects (cleaning of Mariposa park and collection of food for the food bank) were also very successful. We collected 911 pounds of much-needed for the Rio Grande food pantry. In addition, we were blessed to see and hear from Pastors Ron Barth, Russ Sorenson, Matt Powell, and Bishop Jim Gonia. What a wonderful weekend! Here's to another 40 blessed years at Cross of Hope!

The council also thanks Thomas Ropp for the gift of the amazing song, which he wrote himself, especially for the Cross of Hope celebration. What a beautiful gift!

Finally, we want to provide you highlights from our May meeting, which was very productive and filled with lively discussion, as usual.

We welcomed our newest council member, Sherrie Simek. Welcome Sherrie!

A school update was provided. There are already 75 children enrolled (or in the application process) in preschool and K-5 for the 2022-2023 school year. School leaders are developing a marketing plan to advertise Cross of Hope school. There are new additions (fine arts and library) to the enrichment programs already provided. Finally, the Council approved to move forward with hiring a new Preschool Director.

The money received from the Child Care Stabilization Grant (through the New Mexico Early Childhood Education and Care Department) continues to be spent on much-needed improvements to the preschool and school (i.e., new floors, adding age-appropriate items to the playground, new playground turf, repairing windows, and other such improvements), in accordance with the grant guidelines.

Summer worship plans were discussed. Beginning in a few weeks, the 9 am service will be outdoors. Keep your eyes and ears open for the date.

We want to remind everyone of the Annual Congregation Meeting on 6/26/22. The meeting will follow a 10 am church service.

Please know the Church Council strives to be open and accessible to the members it serves. We will continue to keep you informed of upcoming changes, events, and activities. You may also direct any questions or concerns to any Council member, and we will do our best to help.

Blessings to everyone! - Kristi J. Valdez

Linda Ehlers

As interviewed by: Mary Bresnahan

Birthdate: July 4, 1952	Birthplace: Lexington, KY
Occupation: Test Systems Administrator	
Marital status: Single – widowed	Children: Two stepsons
Hobbies: Paint-by-number, baseball, spaceflight	

Linda moved from Kentucky to California with her parents and brother when she was two years old, She lived there until 2007. She received a B.S. degree in Computer Science from National University in 1995.

Linda worked for Analog Devices, Inc (ADI) in San Jose, CA. for 33 years until she was laid-off in 2007. According to their website, they create solutions that help businesses thrive in digital transformation. They utilize light impulses to create smarter autonomous driving vehicles, enabling multi-parameter health monitoring that helps doctors quickly analyze patient data. They transform real world “phenomena” (sound, light, motion, power, radio frequencies) into intelligent data and insights.

Linda specialized in mainframe data archiving. She worked in the test engineering department where she helped test engineers organize test data for customers. The information was archived on servers. One of the things ADI does that we can identify with is making chips for Dolby surround sound equipment. ADI, at this location, has now become a “server farm.”

Linda was introduced to Bobbie in 1999. Bobbie worked for the Monterey Bay Institute where she taught teachers how to create virtual learning classes. (Little did we know then how much this would be needed.) They became friends which led them to marriage in 2005. When Linda got laid off, Bobbie suggested this was probably a good time for her to retire – so she did. They moved to Astoria, OR, a city of about 10,000 in the northwest corner of the state sitting on the Pacific Ocean, where the Columbia River meets the Pacific. Linda and Bobbie had vacationed here many times. Astoria has strong ties to Lewis & Clark and is the oldest American settlement west of the Rockies. It was a welcomed shift from busy, high-priced California. Fishing and lumbering had been the major industries but now tourism has grown as an important mainstay. Astoria has a large German and Nordic population. Linda said the residents are pretty reticent by nature. It took a while for them to be accepted.

Linda Ehlers continued

Linda and Bobbie were active in their church, First Lutheran. Linda was on the church Council. They lost their pastor due to fraud which they discovered. They were having a hard time attracting a new pastor – small town. The woman who was the Council president had a son who was a pastor in Europe. He was ready to come home. His mother (who had to resign her position as president due to her referring the candidate) talked to him about taking on the pastor job in his hometown, Astoria. With her stepping down from the Council, Linda became president and was a key member on the search committee. Receiving no candidates from the synod, they offered the position to the former president’s son. He took it - and is still in Astoria. As you can imagine, turmoil causes memberships to diminish. Diminishing membership was also happening at another church in town. Since Linda moved, the two churches have merged. The church is now called Peace First Lutheran Church and has two locations.

Bobbie had two sons, Javier and Aaron. Linda and Bobbie did not tell the boys about their original marriage. When the boys learned about it, a second ceremony was planned at Christ the Good Shepherd Lutheran church in San Jose.

Bobbie was diagnosed with lung cancer and passed away in 2019. One son, Javier, lived in Oregon and one, Aaron, in Albuquerque. Before her death, Bobbie and Linda decided they should leave small town Oregon and come to Albuquerque. Later, Javier joined them here.

Linda shared that she loves to travel on Amtrak. She does not like to fly so the train is her means of travel. She has taken many train rides, including several across country. Linda says the best is the Coast Starlight which goes from San Diego to Seattle. I agree train travel can be great fun with wonderful scenery and good meals. Additionally, you might meet some interesting people along the way, which Linda did.

Linda and Bobbie did a lot of RVing. They put many miles on their truck and went through two RVs. They would travel to Mesa, AZ every year for baseball spring training. Linda is a big San Francisco Giants fan. She also hinted that she is a space (NASA) fan.

Right now, Linda is dealing with some health issues so you may or may not see her at church. We all know what it is like to be stuck at home. Give her a call to talk about painting, baseball, train rides or outer space. The picture on page 11 shows Linda with one of her intricate paint-by-number paintings. Pretty awesome!

June Book Readings

Recommended by Dee Gutierrez

The Divine Mentor: Growing Your Faith as You Sit at the Feet of the Savior - Wayne Cordeiro

Many believers settle for a spiritual routine that lacks God's presence. But what they truly want, and truly need, is a dynamic, vital, and intimate relationship with God. Here Wayne Cordeiro gently but directly shows readers how to move from routine to relationship--from mundane actions to fresh encounters--by learning to hear Him speak to them through the Bible. Through stories, lessons, and anecdotes, Cordeiro equips readers to listen to the promptings of the Holy Spirit as they read God's Word, enabling them to transform their daily quiet time with the Lord.

Passing on the Faith: A Radical New Model for Youth and Family Ministry - Merton P. Strommen, PhD & Richard A. Hardel, DMin

What a radically new (yet ancient) model of faith formation: the family is restored to the center of the faith growth process, with the congregation and community as integral, active partners!

A Bible Study on Becoming a Woman of Faith - Cynthia Heald

Learn what makes God's grace so amazing. Thought-provoking quotations and suggestions for personal reflection drive the truths of this study from head to heart. Recommended for any age or level of spiritual maturity. 11 sessions.
